

Job Opportunity for Full-Time Employment - Civil Engineer

Civil Engineer: Bozeman, MT Office

Job Description:

AESI is seeking full-time civil engineers from entry-level to senior level to join our Civil Engineering Department in our Bozeman, Montana office.

Salary Range:

Depends on Experience.

Responsibilities:

This position will work within the Civil Engineering Department to perform a wide range of civil engineering duties. Depending on experience, the position may focus on civil design, Autodesk Civil 3D usage, engineering calculations, technical evaluations, engineering reports, development of complete plans and specifications packages, and permitting in support of projects. In addition to these tasks, a mid- to senior-level position may also include marketing, business development, project management and/or senior level design. This person must be quality-oriented and willing to work on a variety of civil-related projects. This position will be based out of our Bozeman office, but may require some travel. This person must be a talented, motivated, personable, hard-working, and self-directed team player. The position is predominately within the office but may include time in the field. Remote work possibilities may be considered.

Minimum Qualifications:

- B.S. in Civil Engineering.
- Engineer Intern (EI) certification, or higher. Professional Engineering (PE) license required for mid- to senior-level positions.
- Requires excellent computer and technical skills. Microsoft Office Suite (Word and Excel minimum) are required. Proficiency in AutoCAD Civil 3D 2019 or newer, and Autodesk Vault Professional is preferred.
- Understanding of and experience with engineering permitting processes and requirements is preferred, with local/regional knowledge preferred.
- High level of personal responsibility, accountability, and analytical aptitude.
- Interpersonal skills to meet and communicate effectively (both written and verbal) with employees, managers, contractors, and clients.
- Positive attitude and professional bearing.

Benefits:

AESI offers full-time employees a comprehensive benefits package including Health Insurance, Dental Insurance, Vision Insurance, Disability Insurance, Retirement Savings Plan (ESOP/401(k)), Flexible Schedule, Health Savings Account, Life Insurance, Paid Time Off, and Bonus Pay and Profit Sharing. See www.alliedengineering.com/contact-us/employment/ for further details.
